Re: LETTER OF RECOMMENDATION
Michael's 50th Birthday Party, May 5, 2007

Joann:

I wanted to write you this letter thanking you so much for all the hard work that went into my 50th party that was held last weekend. I think it was a tremendous success and without incident. During the planning process, we both worked together as a team and never had any disagreements whatsoever. We did, however, have some discussions about what would be proper and each element was in total agreement. Your kindness and persistence in making sure that every detail was in order added to the outstanding event. I have had so many complements telling me how wonderful the party was from the food, the band, the paparazzi, the picture taking, the service and the bar. I would highly recommend you to anyone who would be in need of your services.

Once again, from both my wife and myself I thank you again many times over for all of the hard work that made such an eventful night and will be cherished forever.

Sincerely,

Michael R. Silberstein
