

JoAnn and John,

2/25/2008

Thank you for a fantastic wedding weekend. We appreciate all of the support over the past year through all of the decision making and planning. We heard numerous compliments the night of the wedding - "This is the best wedding we've ever been to!" Everyone had a truly wonderful time - the food was great, music was great, & everything ran as smoothly as possible.

We knew that planning our wedding from out of state would present many many challenges and we appreciate your helping us meet those challenges head on. The entire planning process and event went incredibly well and we are thrilled with the results.

Thank you for everything,
Stephanie & Joshua
