Subject: Simona's wedding

Dear JoAnn:

I wish I had time to send my thanks to you sooner. Yesterday, we were busy to take both kids to airport in two different times. After they left, I slept from 7:00 pm till this morning.

The wedding was great, many guests expressed this was the most beautiful wedding they ever attended. Simon and I were very pleased with the turn out. Jill did a great job, she was very calm, and organized. She kept her smiling face on all the time, and always ensured me everything was fine. Although I found out later that Lee was behind his schedule and also caused a little interference. Jill and her husband even packed to go boxes for Simon and I, they also helped us to carry everything to our car.

Food was very good, specially, the steak was nice and tender. The scenery was beautiful, It impressed all our out of town and in town guests. Jeremie and her staff were courteous, warm, and helpful. Jeremie kept telling me that I don't have to worry the payment and just enjoy the evening.

Simon's welcome speech was good, and father and daughter's dance turned out great. Simon and I both agreed it will be very hard to be top of this wedding in the future for Teresa's wedding. If everything goes in the right direction, we hope we will have another wedding in the next year or so. Teresa always expressed that she would like to have a wedding in Austin. Let's hope so. You know that I will knock on your door if it happens.

Thanks again for a great job you have provided.

Terri
