

Dom + Jo Ann,

Greetings from Dallas! Congratulations on your recent successes and publicity. Okey and I wish to express our gratitude for your hard work, talent, adaptability, and care in making our wedding day a huge success. I commend you for your skill and poise to help integrate two different cultures to meet our goals / expectations for our Nigerian-American wedding. I was pleased and amazed at how well everything was accomplished, and we had a blast!

I appreciate your willingness and openness to work with so many people (aka "The Committee of Friends" 😊) and our crazy schedules. Thank you for helping to make our entire "wedding experience" truly special. Your attention to our needs, details, and expectations was remarkable, and we could not have pulled it off without you. I appreciated your flexibility and availability from the very beginning until the end. Best wishes for your continued success, fun, and ability to help make "weddings of a lifetime." We enjoyed ours! Keep in touch, and again, THANK YOU!

Warm regards,

Camille + Okey
